OPENING DAY - Opening day for the 2020 pool season (weather permitting) will be Friday, May 29, 2020.

WAIVER OF UNDERSTANDING - before residents will be given a pool pass for the 2020 season, they must read and understand the rules of operation for this season. They must sign that they have read and understand the rules, and that persistent violation of the rules will result in the loss of pass and access to the pool for the season.

It is important for all swimmers and guests to understand that these operating rules are in compliance with how the State of Ohio and the Board of Health will be inspecting our facility. They will be looking for our ability to follow these rules and monitor guests, or they will shut our facility down. It is important for every adult and child visiting the pool to understand and follow these rules.

Failure to do so could result in the loss of access to the pool facilities at Bretton Ridge (without refund) for the remainder of the 2020 season.

I have read and understand the above rules, and acknowledge their importance in keeping the pool open for the 2020 season. I have discussed these rules with my spouse and my children if applicable. I acknowledge that failing to follow these rules could result in the termination of my pool pass for the season.
